About the **AMBER GRANT**

The Amber Foundation Grants began in 1998, launched in conjunction with the entrepreneurial community for women, WomensNet.Net, to honor the memory of a young woman who died in 1981,

at the age of 19. The purpose of the Amber Grants is to help other women achieve the dreams that Amber could not in her short time with us.

Finding money to start a small business - especially money for women entrepreneurs and start-ups is not easy - so we thought we would try to help a bit!

Our primary focus is assisting women who are trying to start small businesses, home-based or online. The grants are small, usually \$500 to \$1000, and are intended to be used to upgrade equipment, pay for a web site etc - the small but essential expenses that can often make the difference between getting started or being forever stalled. The October Amber Grant will be for \$500.00. No repayment is required or expected, although it is hoped that you will pass on the kindness by mentoring & helping others along the way.
